IN THE UNITED STATES PATENT AND TRADEMARK OFFICE

IN RE THE APPLICATION OF:

PAPER:

Inventor : Mitchell R. Swartz
Serial.no. 09/ 750, 480

Group Art Unit:3641
Examiner: R. Palabrica

Filed: 12/28/00

For: **METHOD AND APPARATUS
TO MONITOR LOADING
USING VIBRATION**

This is a continuation of Serial no. 07/371,937
Filed: 06/27/89

The Commissioner of Patents and Trademarks
P.O. Box 1450, Alexandria, VA 22313-1450

April 5, 2005

**PETITION TO THE COMMISSIONER
PURSUANT TO 37 C.F.R. 1.181**

1. This Petition is made pursuant to 37 C.F.R. 1.181 to the Commissioner of Patents, and is made to invoke his supervisory authority to correct a wrongful situation involving a Second "Final" [Exhibit "A" attached, hereinafter "second Final"], dated 1/11/05. Pursuant to 37 C.F.R. 1.181, there is no fee. This Petition is reasonable based upon the reasons stated below, and the facts as discussed in the Declaration supporting this Petition.

2. In the discussion below, reference is made to Declaration of Dr. Mitchell Swartz (hereinafter called the "Swartz Declaration") dated April 5, 2002.

BEST AVAILABLE COPY

3. Dr. Swartz, the applicant, now Appellant, already has filed a Notice of Appeal (Exhibit "B"). Dr. Swartz already paid the Board of Patent Appeals AND the checks were cashed (Exhibits "C" and "D").

4. Appeal Briefs in triplicate were submitted (Exhibit "E").

5. There was previously the appearance that unlike previous Examiners, the present Examiner and his Supervisors refused to allow the Appellant his Constitutionally-protected rights of due process, including Appeal (Exhibit "F").

6. There is now presently the continued appearance that unlike previous Examiners, the present Examiner and his Supervisors refuse to allow the Appellant his Constitutionally-protected rights of due process, including Appeal. In this case, a new second-'Final' was written by the Examiner that should have been a response to the Appeal Brief. But there has been no response to the Appeal Brief.

7. Simply put, Appellant has not given up his right to Appeal. Appellant did never agree to this violation of due process.

8. Furthermore, this last action of the Examiner has been made to confuse the record and make it impossible for the Appellant to refer to the record since there would now be two "finals" - and two responses to said finals. The Board will never have a clean, unambiguous, record in this case which to refer in this case.

9. Therefore, this present action by the Examiner has violated Appellant's civil rights because said Notice was given (Exhibit "B"), Appeal Briefs in triplicate were submitted (Exhibit "E"), Notices of Compliance was submitted (Exhibit "F"), and the checks were cashed by the Office (Exhibits "C" and "D").

10. In this light, the Commissioner should consider the following. Consistent with these cited improper actions (present 'second Final' and confer Exhibit "F"), there has been no response from the Examiner to any of the Appellant's other several Appeal Briefs or the Remand from the Board. Instead, despite the United States at War, the Examiner and his Supervisor have responded attacking the Appellant (then Applicant), crushing his applications and Appeals, and have systematically keep said Appeals from the Board.

11. Supporting the above-cited present improper action, the Appellant notes there has been a history of dirty tricks in the above-entitled application. As but one example, in the discussion below, reference is made to Declaration of Dr. Mitchell Swartz (hereinafter called the "Swartz Declaration") dated October 23, 2002. As discussed in the Swartz Declaration of October 23, 2002, Applicant received a "Notice Of Abandonment" dated 9/9/02. Said communication is a Notice which states that the application has been "*Abandoned*". There was a major error in said communication from the Office.

As stated in the Swartz Declaration,

"This Applicant has NEVER abandoned this patent application. No communication to the Office from the Applicant has ever used the word "abandonment". "

"I submitted a Response to the Office's Action which was dated 1/16/02 and was unsigned and unnumbered."

"The datestamp of the Patent and Trademark Office indicates that the pleading with said Exhibits was received and docketed 3/1/02."

"Also submitted with the Response was a Petition to the Commissioner under 1.181, accompanied by a supporting Declaration. These additional important pleadings were received at the Patent and Trademark Office as proven by the Office's datestamp."

The datestamp of the Patent and Trademark Office heralds receipt of Applicant's Response to the Office's Action dated 1/16/02, which was unsigned and unnumbered, and this indelibly demonstrates that there was no abandonment."

The date-stamp of the Office **proves that there was no abandonment.**

12. Supporting the above-cited present improper action, the Appellant submits Exhibit "F" which demonstrates that there has been a history of improper action by the Office.

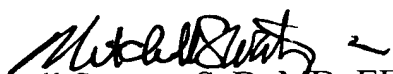

13. Supporting the above-cited present improper action, the Appellant submits Exhibit "G" which is palpable evidence which explicitly demonstrates that the Office has not been fair, but has engaged in a two-tier system involving conspiracy outlined in said Exhibit "G" which was used to deprive the Applicant of his civil rights since June 5, 1989. The Office has previously denied the existence of Exhibit "G" which now demonstrates the pattern of attack against the applicant (now Appellant). The Applicant/Appellant preserves all rights to pursue in Court redress for said violations, including conspiracy if this continues, in the prism of Exhibit "G".

14. The Appellant preserves his right to seek any and all redress and judicial forums to protect his Constitutionally-protected rights which have been eroded by the Office, the Examiners, their Supervisors, and others, including based upon Exhibit "G" that have resulted in a series of what now appear to be "dirty tricks" and ad hominem directed against the Applicant and his Declarants over sixteen (16) years.

WHEREFORE, with this Petition supported by Affidavit, the Applicant respectfully requests relief from the latest improper actions of the Examiner and his Supervisor. They have refused to respond to Applicant's arguments. They have refused to respond to Applicant's Declarants. They have clouded the record with two 'finals'. It is impossible for the Applicant to respond to two different Finals and a pattern which is not consistent with Office rules by the Examiner. Therefore, to clean the record and make it clear, Appellant is now forced to file a Continuation. The Appellant hereby requests that, first, the Office refund Appellant's costs for the wasted Appeal to the Board. This amount is \$20,000.00

Furthermore, the Appellant hereby requests that given Exhibit "G", that the Office and the Commissioner immediately act to move this action to different Group Art and to recuse the Examiner and his Supervisors hereinafter from all of Appellant's applications. Attention of the Court is directed to the fact that failure to correct this in the light of said Exhibit "G" would reasonably be interpreted as an admission by the Office that said policy denying rights to Applicant and denying energy and inventions to America as itemized in said Exhibit "G" not only continues, but continues with the willful and explicit approval of both the Commissioner and the Office.

Respectfully submitted,

 Mitchell Swartz, ScD, MD, EE
 Post Office Box 81135
